SHOTGUN STOCKS

2-PIECE SHOTGUN STOCKS

Nothing is harder on a shotgun than hunting in bad weather. The damp, muddy conditions can destroy a beautiful wood stock in one season. Replace those fragile wood stocks with a 2-piece shotgun stock from Ram-Line. Made of super tough glass-filled Nylon 66, foul weather has no effect on them. They install in minutes without modification and include a premium quality recoil pad.

MOSSY OAK® BREAK-UP®

These 2-piece shotgun stocks are now available in the Mossy Oak® Break-Up® camo pattern. This pattern allows you to blend in further with your surroundings when hunting for that prize game. With its rugged all-weather construction, this stock still allows for quick and easy installation.

YOUTH STOCKS

Youth stocks are reduced in length by 1½" to provide a comfortable fit for smaller statures. These lightweight, exceptionally strong synthetic stocks come complete with a premium recoil pad. Precision inletting allows for uncomplicated installation without the need for custom gunsmithing.

REALTREE HARDWOODS HD®

Turn your shotgun into a turkey slayer with a Ram-Line stock featuring the Realtree Hardwoods HD® camo pattern. Constructed of the same rugged all-weather composite material, this stock will disguise your gun from those crafty old toms.

ADVANTAGE MAX-4 HD® STOCK

Mother Nature can be pretty tough on your shotgun. Protect your original stock by using this rugged, all-weather synthetic stock from Ram-Line. With a quick and easy installation process and its Advantage Max-4 HD® pattern, this stock is a must for serious hunters.
