TARGET SYSTEMS

DuraSeal Wobble Target

This cool, little target delivers big fun at the range. It features a weighted-round bottom that provides an easy-to-see wobbling reaction when shot. Its double-profile design allows for a full-sized round target to aim at. No matter how it wobbles and bobbles after each hit, it always returns to its upright position. DuraSeal is a non-metal, self-sealing material that absorbs thousands of rounds, yet still keeps its shape: Designed for hours of interactive shooting fun.

Features & Benefits

- Re-active, wobble-and-bobble target returns upright after being shot
- High-visibility Radiation Green top
- Handles 17-cal up to 50-cal rifles or handguns
- Double-profile target and base is made of DuraSeal material
- DuraSeal material absorbs thousands of rounds yet still keeps its shape
- DuraSeal material is made in the U.S.A.

TARGET SYSTEMS

.22 Diamond Pop Up Target

Champion now offers a large, highly-visible, diamond-shaped metal target affixed to a pop-up ground mount. The sturdy target automatically returns upright after being shot and is made of solid steel for lasting durability. Secure target in ground using four stakes (included), or use holes in the metal base to install target onto an elevated wood base with screws. Designed for .22 Long Rifle, use it for hours of interactive shooting fun—hear the metal clang and see target spring back up with every hit!

Features & Benefits

- Target pops back up after being shot using a heavy-duty spring mechanism
- Includes four stakes and holes in metal frame to hold target in place
- High visibility orange color, steel welded construction
- Large, diamond shape: 7-1/2-inches by 2-3/4-inches

TARGET SYSTEMS

.22 Double Reaction Metal Spinner Target—Radiation Green

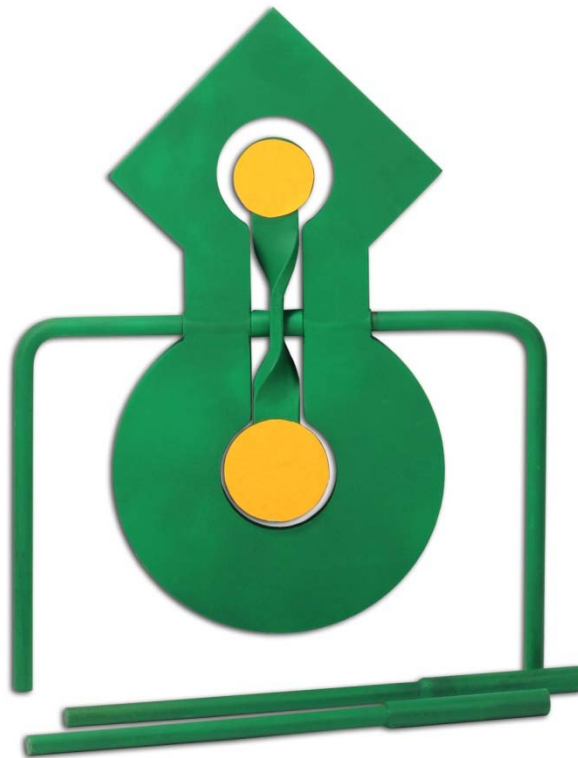

Get twice the response and twice the thrills with Champion's Double Reaction Spinner Target. This sturdy metal target features solid steel welded construction for lasting durability. Target consists of an outside target and an inside target. The outside target spins slower than the inside target. Designed for 22-cal rimfire, use it for hours of interactive shooting fun. Hear the metal clang and see the spin with every hit.

Features & Benefits

- Target is Radiation Green in color for increased visibility
- Orange adhesive dots on the inside target to enhance aiming point of center spinner
- Both diamond and circular shapes on outside spinner
- Both large and small circle shapes on inside spinner
- Three-piece metal frame holds target firmly in place
