#### **Buck Commander™ Binoculars by Weaver®**

Get closer to the action with Buck Commander binoculars by Weaver®. Endorsed by Willie Robertson and his Buck Commander crew, these new optics penetrate the shadows to tell whether that buck is one to chase or one to let go. Each pair of binoculars is subjected to some of the most rigorous tests in the industry. We freeze it, thump it and bump it—all in the quest to replicate the harshest hunting conditions. If it shares the name of both Weaver Optics and the Buck Commander, it has to perform...year after year, hunt after hunt.

#### **Features & Benefits**

- Phase-coating roof-prism system for sleek design and stronger housing
- Fully multi-coated lenses for supreme image clarity and scratch-resistance
- Rugged rubber-armored finish to handle the nastiest weather
- Easy-grip molded surface for a comfortable grip during long glassing sessions
- Shockproof / fogproof / waterproof

<b>Part No.</b>	<b>Description</b>	<b>MSRP</b>
94587	8x42 Binocular	\$493.49

#### **Buck Commander™ 2-8x36mm Scopes by Weaver®**

Engineered to handle the aggressive recoil of shotguns, muzzleloaders and rifles, these scopes are available with either a Dual-X or Command-X reticle. The Command-X reticle features ballistic drop calculation marks in the vertical crosshair that are tuned for shotgun slugs. Our accurate and attractive Buck Commander scopes command attention—they're an excellent addition to any firearm.

#### **Features & Benefits**

- Strong, one-piece tube construction
- Fully multi-coated lenses
- 4-time magnification range
- Fogproof / waterproof / shockproof
