3-15x50mm Illuminated Long-Range Scope

Dial in your long range accuracy with the new Weaver® Illuminated Tactical 3-15x50mm riflescope. Loaded with the premium features for far-ranging accuracy, this new tactical scope boasts a 30mm Argon purged tube that houses a first focal plane proprietary Mil-Dot reticle. As an illuminated scope, the new 3-15 offers (5) red and (5) green brightness settings that make the most of the 1/10 Mil click adjustments, side focus parallax and 5-time magnification. Featuring Japanese glass and solid construction, this scope is a great choice for any long-range precision rifle. Best of all, it's backed by Weaver's 80-years of optics experience.

Features & Benefits

- 30mm, one-piece, Argon purged tube
- Fully multi-coated lenses w/extra hard coatings on exterior lenses
- First focal plane proprietary Mil-Dot based reticle with enhanced features
- Ten illumination settings
- Tool-free external adjustments, with reset-to-zero turrets
- Waterproof / fogproof / shockproof / anti-recoil

OPTICS

1-5x24 Illuminated Intermediate Range Scope

Get illuminated magnification for your favorite AR-15 style rifle with the new Weaver® Tactical 1-5x24mm Illuminated Intermediate Range scope. Delivering exactly what AR shooters need, this new scope packs a lot of technology into a small package. First focal plane reticle and aggressive knurling on the power adjustment provide fast and precise aiming for all close-quarter through intermediate range targets. Featuring Japanese glass and solid construction, it also offers (5) red and (5) green brightness settings for tactical aiming in any lighting. Factor in 5-time magnification and reset-to-zero turrets for a clear view of the latest and greatest tactical optics from Weaver.

Features & Benefits

- 30mm one-piece Argon purged tube
- True 1 power at the lowest magnification setting
- Fully multi-coated lenses with extra hard coatings on exterior lenses
- Reset-to-zero turrets with spare battery storage incorporated into turret caps
- Aggressive knurling on power adjustment
- Waterproof / fogproof / shockproof / anti-recoil
